

Eric Gumba

Searching for entry level web developer employment

San Francisco, CA

ericgumba@gmail.com

415-370-9872

I have some experience building full stack web applications using React, express, MongoDB and MySQL.

Willing to relocate to: San Jose, CA - Fremont, CA - Hayward, CA

Authorized to work in the US for any employer

Work Experience

Web Developer

SFSU - San Francisco, CA

September 2017 to December 2017

Worked on a team project building a sample website which allowed users to buy, rent, and sell real-estate.

Practiced communicating with team members to build a full stack web application and worked primarily as a front-end developer.

On Call Server

Local Union

2014 to 2016

Worked as an on-call prep chef. Worked in various events such as concerts and festivals, and in different team settings where communication between team members were vital.

Walgreens Cashier

Walgreens - San Francisco, CA

February 2013 to 2014

Worked as a cashier, interacted with customers and helped stock various items. Helped to maintain a clean store environment.

Starbucks Barista

Starbucks - San Francisco, CA

2010 to 2012

Worked as a Barista, creating espresso beverages for customers, cleaning and maintaining the store environment and sharing knowledge on coffee.

Education

Bachelor's in Computer Science

San Francisco State University - San Francisco, CA

August 2016 to November 2018

Skills

Javascript, Java, HTML 5, JQuery, CSS, React.js, Express.js, Python
